An Industry Facilitation Council under the Chairmanship of Director of Industries and Commerce constituted under section 7B of the Interest on Delayed Payment to Small Scale Industries and Ancillary Industrial Undertaking Act 1993 (Act 32 of 1993) in functioning. The Council settles disputes related to interest on delayed payments to SSI units corresponding to the goods supplied by them. The petitions filed in the prescribed manner to the IFC will be normally disposed within six months from the date of filing the petition.

j) Land Allotment DA/DP – (Exceeding 1 Acre)

Orders for allotment of land exceeding one acre in Development Areas / Development Plots will be given within thirty days from the receipt of recommendation report from GM, with connected documents.

k) Sick Units Revival Programme

State Level Meetings will be convened, in cases wherever necessary within thirty days of the receipt of recommendation form the GM, DIC. Margin Money Loan / start up expenses loans will be sanctioned in fifteen days of receipt of defect free applications.

I) Proficiency Interface Cell

A proficiency interface cell is constituted in the Department. Entrepreneurs needed technical assistance in selected areas can approach, to know the technology available. The details on selected areas can be made available within ten days.

1. Assistance for Industrial Co-operative Societies and Handicrafts Co-operatives.

Government Share Participation:

Share participation above Rs. 50,000 and upto Rs. 3,50,00 will be sanctioned within one month from the date of receipt of defect free application.

While delivering the aforesaid services we assure all our plans of

- i) being fair, impartial, prompt
- ii) being honest, ethical and professional
- iii) being helpful, courtesy and considerate
- iv) action with care and diligence
- v) listening and understanding what you tell us.

We will keep you informed through our programs through a wide range of media including internet website "keralaindustry.org" and our departmental magazine "Vyavasaya Keralam" and also through Print and Electronic Media.

6. OUR SERVICE STANDARDS

Our efforts will be to provide the highest service standards of service to all citizens. Our performance may be measured in the respective area against timely service on various activities being undertaken by the Directorate of Industries and Commerce.

7. HOW YOU CAN HELP

To help us to provide you with quality service, we need you to

- Provide information that is easily understandable and accurate and as complete as possible.
- Allow adequate time for us to respond to requests and provide feedback on our performance.

8. HOW TO GIVE US FEED BACK

We welcome comments from our citizens to help us to make our service better. Feed backs including compliments, suggestions and complaints are welcome as they help us to improve our services.

Should you wish to provide feedback including any complaints about our service and the service provided by various District Industries Centres, CFSCs and Directorate of Industries and Commerce, you may contact the Director of

Industries and Commerce, 3rd floor, Vikas Bhavan, Thiruvananthapuram.

9. CHECKING OUR PERFORMANCE

We will evaluate our services against the standards we have set out in this charter to see if we are meeting these standards.

We will periodically review the standards in the charter to ensure continuous improvement in service delivery.

A copy of the charter is available at our internet site "keralaindustry.org"

CITIZEN CHARTER OF THE COMMON FACILITY SERVICE CENTRES UNDER THE DIRECTORATE OF INDUSTRIES AND COMMERCE, GOVERNEMENT OF KERALA

1. MISSION

The Mission of Common Facility Service Centre is the promotion of Rubber and Plastic based industries in Kerala. We provide the facilities such as Tool Room facility and service of costly rubber and plastic machinery at nominal rate fix by the Government.

2. What we are:

We are one out two such centres in Kerala for promotion of the rubber and plastic industries under the Directorate of Industries and Commerce.

3. What we do:

The mission is proposed to be achieved through the following functions:

- a) Conducting Entrepreneur Development Training Programme on Rubber and plastic based

industries.

- b) Conducting awareness programmes and seminars on relevant topics applicable to the SSI units.
- c) Giving advice for product diversification, extending new technical information whenever possible.
- d) Quality Control Testing of rubber products and raw material as per National and International standards.
- e) Designing and fabrication of moulds and dies in the Tool Room division for rubber and plastic products, subject to the capacity of installed machines.
- f) Providing facilities such as services of costly machines used for rubber and plastic product manufacturing available with this centre.

4. What you can expect from us:

As a part of our commitment to provide quality services, which satisfy the needs of the citizens the following norms, have been fixed in this regard.

- a) Short term training for product development on specific products as per request by prospective entrepreneurs subject to remittance of the training fee.
- b) The above training is subject to the available facilities in this centre.
- c) Quality control testing of rubber products, raw materials and chemicals, the results of which are delivered within a limited time as appended.

Annexure I & II enclosed.

- d) Available technical dates will be transferred at the earliest.
- e) Designing and fabrication of moulds and dies will be executed at the earliest depending upon the nature of the work. The materials for the fabrication work should be supplied by the party.
- f) Mixing and moulding facilities will be extended to the entrepreneurs / industrialists at nominal rent subject to the available facility.

5. Our Service Standards:

Our efforts will be to provide quality service to the entrepreneurs and industrialists in the field of rubber and plastic product manufacturing performance may be measured against timely service being carried out by the various sections of the centre.

6. How you can help:

You can help us for better quality service by allowing adequate time for us and supply of inputs required for the work.

7. How you could contact us:

- Mail to :1. The Director In charge
Common Facility Service Centre
Changanacherry – 6.
2. The Deputy Director
Common Facility Service Centre
Manjeri.

8. Principles of Public delivery:

1. Information and openness
2. Choice and consultation
3. Courtesy and helpfulness
4. User satisfaction.
