There will be Two Rank Lists prepared as stated below.

8.1 Rank List I:

For allotment to **B.Sc. Nursing, B.Sc. (M.L.T), B.Sc. Perfusion Technology, B.C.V.T, BPT, B.Sc. Dialysis Technology, BOT and B.Sc. Optometry (Bachelor of Medical Imaging Technology, Bachelor of Radio Therapy Technology, Bachelor of Neuro Technology, Bachelor of Nuclear Medicine ,** B.Sc **Medical Biochemistry, B.Sc. Emergency Medical Technology, B.Sc. Respiratory Technology, B.Sc. Anaesthesia Technology and B.Sc. Medical Microbiology (Refer clause 6.2.1):** Rank List will be prepared on the basis of marks* obtained by candidates for Physics, Chemistry, Biology put together at the final year of the qualifying examination.

8.2 Rank List II:

For allotment to **B.A.S.L.P.** course (refer clause 6.2.2): Rank list will be prepared on the basis of the marks* obtained by the candidate for Physics, Chemistry and Biology/Mathematics/Computer Science/Statistics/Electronics/Psychology together at the final year of the qualifying examination.

8.3 Rank List III:

For allotment to BPO course –Rank list will be prepared on the basis of the marks* obtained by the candidate for Physics, Chemistry, Biology/Mathematics and English together at the final year of the qualifying examination.

Note: In case a candidate has studied more than one subject among Mathematics/Biology/ Computer Science/Statistics/Electronics/Psychology, the subject for which the candidate has scored the maximum marks among them will be considered as the third optional subject.

The Rank List for newly approved courses by the Government or KUHS will be prepared as per the Minimum Standard Requirements (MSR) prescribed by KUHS.

8.4 A. Procedure for Normalization: The marks scored by the candidates in each subject vide Clause 8.1, 8.2 and 8.3 in the Qualifying Examination conducted by various Boards will be made comparable with the marks obtained by the students in the same subjects in the qualifying examination conducted by the Directorate of Higher Secondary Examination, Kerala.

Let 'X' be the maximum mark secured out of 100 for a subject in the state Higher Secondary Board and 'Y' the maximum mark secured out of 100 for the same subject in any other stream AISSCE/ISC/VHSE.

If 'T' is the mark secured out of 100 for the subject by a student of the other board (CBSE/ICSE/VHSE) in that year, then his /her normalized mark for the subject, say 'Z' equals (T*X)/Y (the value to be corrected to four decimal places.)

Illustration

Subject: Chemistry Year: 2012

Max. Mark out of 100 secured in the state board = 100 Max. Mark out of 100 secured in the ISC = 99

The normalized mark of an ISC student who secured 85 out of 100 in Chemistry will be equal to (85*100)/99 = 85.8586.

In the case of students whose qualifying examination is Higher Secondary Examination conducted by the Directorate of Higher Secondary Education, Kerala, the actual marks obtained vide clause 8.1, 8.2 and 8.3 will be considered for ranking.

If any Board/Authority provides results by Letter Grades/CGPA/OGPA etc., the candidate concerned will have to submit the mark equivalent as required under Clause 8.1, 8.2 and 8.3 from the Board/Authority concerned, failing which the decision on equivalent marks will be taken by the authorities concerned based on available information, which will be binding on the applicant.

If any Board/Authority fails to provide data requested and required for the process of normalization, the data available at the time of processing will be made use of for normalization in respect of candidates of coming under such Boards/Authority, which will be binding on the applicant.

The total of the normalized marks in the subjects concerned, each computed out of 100 will be the index mark of the candidate for the purpose of preparation of rank lists. Thus the maximum marks will be 300 in the case of Rank List I and 300 in the case of Rank List II and 400 in the case of Rank List III.

8.4 B. Resolving of tie while ranking:

(1) For Rank List I (Refer Clause 8.1): In case of a tie in the total marks computed for ranking, candidates with higher marks obtained in Biology (in the final year of the qualifying examination) will be placed higher in the ranking. If the tie still exists, the candidate with higher marks obtained in Chemistry (in the final year of the qualifying examination) will be placed higher in the ranking. If the tie still exists, the candidate with higher marks obtained in Physics (in the final year of the qualifying examination) will be placed higher in the ranking. If the tie still exists, the percentage of total marks for plus one and plus two together and then the percentage of marks in English (in the final year of the qualifying examination) will be considered for breaking the tie. Even after this, if tie remains, the age of the candidate will be taken into account and the older will be placed higher in ranking than the younger. If the tie still persists, tie will be resolved by criteria as decided by the Director of Medical Education.

(2) For Rank List II, III (Refer Clause 8.2 and 8.3): In case of a tie in the total marks computed for ranking, the candidate with higher marks obtained in Chemistry (in the final year of the qualifying examination) will be placed higher in the ranking. If the tie still exists, the candidate with higher marks obtained in Physics (in the final year of the qualifying examination) will be placed higher in the ranking. If the tie persists further, the candidate with higher marks obtained in Biology/Mathematics/Computer Science/Statistics/Electronics/Psychology (which ever subject is taken) will be placed higher in the ranking (in the final year of the qualifying examination). If the tie persists further, the percentage of total marks for plus one and plus two together and then the percentage of marks in English in the qualifying examination (in the final year of the qualifying examination) will be considered for breaking the tie. If the tie still remains, the age

of the candidate will be taken into account and the older will be placed higher in ranking than the younger. If the tie persists, tie will be resolved by criteria as decided by the Director of Medical Education.

11.1 Admission and Allotment in Government Colleges:

11.1.1 State-wide Principle of Allotment in Government colleges:

Admission/allotment of seats in Government colleges is governed by a 'state-wide' principle of selection approved by the Government of Kerala in G.O. (MS) No.122/98/H.Edn. Dated 07.10.1998. According to the G.O., 'Candidates of the reserved category who will otherwise come in the open merit list will be allotted to the college of his choice provided he would have been eligible for allotment to that college if he was treated as candidate coming under reservation quota. While a reserved category candidate entitled to admission on the basis of his merit will have the option of taking admission to the colleges where a specified number of seats have been kept reserved for reserved category but while computing the percentage of reservation he will be deemed to have been admitted as an open category candidate and not as a reserved category candidate'. As per the above principle, all seats available for allotment by the Director of Medical Education in Government colleges for a particular course available in all the Government colleges put together will be computed state-wide and the total seats so obtained for each course in these Colleges together, will be distributed statewide for the different categories by applying the mandatory reservation principle as mentioned in Clause 4.1.4. While following the above principle of allotment, the institution-wise break-up of seats that is earmarked under each category as per the mandatory reservation principle will be changed in certain colleges.

(ii) A candidate without SEBC/SC/ST reservation benefit will be considered only against the 'State Merit' seats wherever available at the time of allotment. Such candidates will be allotted a seat as per the availability of seats.
